

> A world of solutions

01

Cover plates:

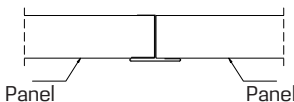

Metal plating cut and folded to various grades:

- Hot rolled
- Galvanised
- Pre-coated
- Copper
- Aluminium
- Stainless steel, etc...

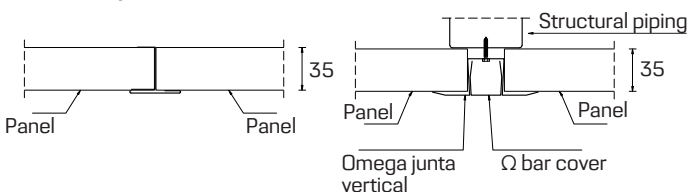

We have the means to cut and fold parts up to 6,200 mm long and up to 6 mm thick.

Thanks to our deep concern to achieve an optimal finish, we have designed a range of solutions that provide for perfectly harmonised walls, with covered Ω -SHAPED JOINTS or T-joints.

· Vertical T joint

· Vertical Ω joint

· Cover plates
